PROFILE

MBA graduate (IU International University, 2026) with 4+ years of hands-on experience in project coordination, operations, and strategy across 3 international markets. Track record of building reporting systems, leading cross-functional projects from brief to delivery, and driving measurable efficiency gains in fast-moving environments. Research specialist in AI implementation in global project management. Active content creator with direct experience in digital production and brand communications. Fluent English (IELTS 7.0, CEFR C1, Speaking 8.0). Conversational German (B1). Native Hindi. Based in Berlin with EU work authorisation. Available immediately.

PROFESSIONAL EXPERIENCE

Intern, Operations and Strategy Support Togethina

Nov 2025 – Mar 2026
Berlin, Germany

- Coordinated 10 concurrent brand portfolios from brief through delivery, maintaining full accountability across all workstreams with zero missed deadlines over 5 months.
- Built KPI tracking dashboards and real-time reporting infrastructure, cutting leadership reporting time by 40% and providing instant visibility across all active initiatives.
- Executed 4 go-to-market campaigns producing an average 25% engagement uplift per launch, identifying 3 growth opportunities subsequently adopted into new product roadmaps.
- Planned and delivered 10 events end to end, managing venue sourcing, supplier contracts, budgets, and stakeholder communications across all logistics.
- Rolled out AI and automation workflows using Claude, ChatGPT, and Notion AI across 4 teams, reducing manual processing overhead by an estimated 40% within 6 weeks.

Operations Support Specialist TaskUs (DoorDash Programme)

Jul 2022 – Dec 2023
Remote | US / Canada / Australia

- Coordinated end-to-end operations across 3 international markets, managing 40+ distributed contributors and sustaining SLA compliance above 95% across a 17-month engagement with 1,000+ monthly interactions.
- Diagnosed a systemic cross-market process failure through structured data analysis and delivered a corrective solution within 6 weeks, producing an 18% efficiency gain and 20% reduction in complaints.
- Designed and built operational infrastructure across 2 markets from scratch, cutting new-location ramp time by 30% and eliminating process inconsistencies network-wide.
- Produced bi-weekly performance dashboards and executive-ready reports for senior stakeholders, translating complex data from 3 markets into clear, decision-ready insights.

Client Services Associate Concentrix (Amazon Programme)

May 2021 – Jul 2022
Remote | North America

- Handled 80+ daily client cases across 2 markets, sustaining a quality score above 94% over 14 months and ranking in the top 10% of team performance throughout the engagement.
- Identified a structural process gap spanning 500+ cases, developed a root-cause resolution, and drove company-wide adoption within 2 weeks of proposal.

Career Coach and Programme Lead Imagine Foundation (Volunteer)

Nov 2025 – Present
Berlin, Germany

- Designed and delivers a structured career development programme for 20+ international professionals, independently managing all content, scheduling, and outcomes tracking with a 78% placement rate within 3 months.
